**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

As a resident from San Francisco who uses a small business for my internet I support broadband competition. Broadband is essential for my work as well as my everyday life. I dont want constant price increases because of less broadband connection. I use a smaller competitive broadband provider because they provide better service and support my community. My local broadband provider is essential to me. Dont reduce competition.
